

Name of the Department- Jarahat

About the Department:

The department of Jarahat was established in A&U Tibbia College by its founder, a great physician and renowned freedom fighter, Maseeh ul Mulk, Hakeem Ajmal Khan [d.1927] in 1921. It has been an integral part of unani system of medicines since its origin. Many Unani physicians and surgeons including Abul Qasim Zahravi and others have done marvelous work in this field. The department is providing teaching and clinical training of ilmu Jarahat to undergraduate students. The objective of Jarahat department is to develop competent surgeons, academicians and researchers in the field of Jarahat. We use unani drugs in surgical patients pre-operatively, post-operatively as well as in conservative treatment of surgical diseases.
